Bamidbar 28:16-25

A burnt offering is an Olah עלה (In Hebrew) which means an ascending offering.

Offering is a Qarab קרב (In Hebrew) which means to draw near

Next In Hebrew we read פרים בני בקר שנים pariym b'nei baqar shanayim

Pariym פרים means young bulls or young ones

B'nei בני means sons or children

Baqar בקר means bull or to seek out, seek, or enquire.

Shanayim שנים means two but the literal meaning means two together or both.

If we put the alternate meaning together it means: young ones, children seeking together.

Part 2:

One Ram in Hebrew is ayil echad איל אחד

Ayil איל also means doorpost, pillar, to be upright. Which means righteous. And echad אחד means one or unity. So now we have righteous one.

Let's add this to what we have

Young ones, children seeking together in unity, of the righteous one.

Part 3:

Seven lambs a year old = Oo-Shaba Kebeshiym b'nei shaneh tamiym yahyu

ושבעה כבשים בני שנה תמיים יהיו

- (1) Sheba שבעה means seven, seventeen or seven hundred. It is the number for perfection or completion.
- (2) Kebeshiym כבשים means sheep so together it means perfected Sheep
- (3) B'nei בני means Sons or Children
- (4) Shaneh שנה means a year or the time (Time).
- (5) Tamiym תמים means perfect or complete
- (6) Yahyu יהיו (root word is Hayah) they shall be

Young ones, children seeking together in unity of the righteous one. Perfected or completed Sheep, children of the time, complete they shall be.
